

Limitation of Services

- CHOICES is a limited, nonprofit medical clinic.
The medical services are provided by licensed medical professionals and trained staff.
- CHOICES takes a holistic approach to healthcare, which means we address your physical, emotional, and spiritual health.
- CHOICES does not discriminate based on consideration of race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income, disability, or political beliefs.
- We are qualified to perform pregnancy tests, limited OB ultrasounds, and limited STI tests, and to interpret the results. However, a licensed physician must confirm the results with clinical and laboratory findings to make a definitive diagnosis. The urine pregnancy test is considered clinically accurate (approximately 99%). Whether the test is positive or negative, you should follow-up with a licensed physician.
- Client Advocates are trained staff, not necessarily licensed or degreed personnel. The advice obtained here is not intended as a substitute for professional counseling.
- All information is kept confidential, except if reporting laws apply or if we believe or hear that you are in danger of hurting yourself or others. We are required by law to release information to the appropriate authorities, agencies, or your legal guardian under the following conditions:
 - 1) *You are a minor (under the age of 18) and we suspect you are being physically/emotionally abused or neglected, or you are abusing or neglecting a minor child.*
 - 2) *You are an adult (over the age of 18) and we suspect you may be abusing or neglecting a minor under the age of 18.*
 - 3) *We determine that at any age you are a danger to yourself or others (suicidal/homicidal).*
 - 4) *Positive STI results must be confidentially reported to the Colorado Department of Public Health and Environment.*
- For the privacy of our clients, our clinic and its agents do not consent to any recording on the premises. Any violation of this policy may result in prosecution. To serve you best, we respectfully ask that during your visit all recording devices be turned off and you limit the use of cell phones to only as necessary.
- Our Clinic does not benefit financially from your decision regarding your pregnancy. All our services are free. *We do not perform or refer for abortion*, but we do provide information and services so that you are equipped to make an informed choice about your pregnancy.
- Current contact information is required of all clients to ensure quality service and follow-up care.
